FORM No.MC-17-07

Microbiological Testing Report (Rat)  
【 M-CLEA Bioresource • September (Monthly Report) 】

Laboratory Institution: National Laboratory Animal Center, Mahidol University  
27/9/2021

Breeding Institute/Units Received Strain	MCBC/A1 Jcl:SD BrlHan:WIST@Jcl(GALAS) SDT/Jcl								
Items									
Dermatophytes	0/2								
<i>Bordetella bronchiseptica</i>	0/2								
<i>Pasteurella pneumotropica</i>	0/2								
<i>Corynebacterium kutscheri</i>	0/2								
<i>Pseudomonas aeruginosa</i>	0/2								
<i>Salmonella</i> spp.	0/2								
<i>Staphylococcus aureus</i>	■								
<i>Mycoplasma pulmonis</i>	0/2								
<i>Streptococcus pneumoniae</i>	0/2								
<i>Clostridium piliforme</i>	0/2								
<i>Mycoplasma pulmonis</i>	0/2								
Sialodacryoadenitis virus	0/2								
Sendai virus	0/2								
<i>Giardia muris</i>	0/2								
<i>Spiromucleus muris</i>	0/2								
<i>Synhaacia</i> spp.	0/2								
<i>Aspicularis tetraptera</i>	0/2								
Ectoparasite	0/2								

【Remarks】

- ※For periodic testing, it will use random sampling animal from breeding room unit
- This test is used for immune-deficient strain only

Reporting Date (day/month/year): 30/09/2021
